## THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advices.

NEW YORK, Sept. 5.—The chief characteristic of to-day's stock market was its reactionary tendency. London, as of late, was a heavy buyer of oil, coal, Atchison, Louisville and Nashville, and other stocks, some of which were held for the sake of London at very heavy shares, but this is thought to be an exaggeration, and that heavy shares were heavier than the market. In accounting for the heavy sales, it was suggested that the market was disturbed by the sale of a large amount of gold from this country as well as by the political complications in Armenia. Sterling exchange also continued to strengthen, and prices were offered for the sale of \$2,000,000 on Saturday next. This acceleration of the downward movement. During the morning session the market was active, but as the day advanced business gradually flagged, and the market closed weak for the day, and under heavy buying rose to 22s. The other big Anthracite Coal stocks were quiet. Nothing was heard today of the proposed new combination which is to bring together the houses which control the trade corporations. Anheuser-Busch was decidedly strong and at one time sold at 42. When it was rumored that \$2,000,000 more, and probably more, gold would be shipped to New York, the market closed out hours and quotations generally became more aggressive, and prices were hammered down to 2s per cent. Reading, Louisville and Nashville, the Grangers, Westinghouse preferred, Pacific Coast and Texas, Atchison, and Union Pacific soaring heavily losses, in the Industrials Tobacco was feverish, Sugar erratic, Chicago was weak, and Leather strong. The market was indicated by the action of the new combination to fight the trust. Leather preferred jumped 2s to 30 and received to 30s. In the Speculation Minnesota and St. Louis advanced 1s to 30s. Speculation closed 1s to 2s. Net changes for the day were to 2s per cent, for the day. Bonds were irregular but in the main weak. Sales totaled up 13,100,000. The sales of listed stocks to-day aggregated 1,000,000.

Markets will end early at 1 per cent, last to-day and closing at 1 per cent; prime mercantile paper, 494s per cent. Bar silver, 6s. Sterling silver, 6s. Gold in account books in bankers' bills at 88s 4d. After sixty days and 88s 4d. for demand; posted rates, 88s 4d.; commercial bills, 88s 4d.; Government bonds steady. State bonds, 6s. Railroad bonds weaker. Silver at the board was dull.

Treasury Balances: Com., \$90,158,900; currency, \$91,461,900.
